

“We Innovate the  
Superior Quality  
products!”

# About Us

Om Plastics Industries, the pioneer of thermoware in India endeavor to bring the best in its class since 1999, with trademark Calvy, brings to the market high quality thermoware products, that uses superior quality stainless steel, virgin plastic and a lot of innovation in designing the products to suit each and every household in India. With a wide range of gift sets, that makes it easy to choose for every occasion, which comes in elegant packaging.

Over the years we have upgraded our manufacturing base and technique to be at par with the world. We maintain a Quality management system to keep the leading position in the market.
